

Pediatric Camp in Halligudi

Portfolio

110 enfants pris en charge grâce à vous.

On August 19th, 2018, France India Karnataka Paris organized in the presence of its President, Juliette Sushila Ghatradyal, and Doctor Gojnur, the second pediatric camp of the summer. The ambulance crossed six villages to distribute flyers and to warn of Doctor Joshi visit. A famous pediatrician in the region. After the registration of their name and their weight at the reception, the children and their parents waited in the corridors of the hospital.

Four consulting hours, 110 children between 1 month and 10 years and free drugs distributed. Numerous smiles rewarded our efforts. This day ended with a distribution of biscuits and lollipops. It was a success. All this in memory of Shri Mahesh because efficiency and generosity were honoured.

Flyer translates in English and Kannada, the Karnataka local language.

Flyers distribution with Sachin Gaddad help.

Recording of the children in the reception of France India Karnataka General Hospital d' Halligudi.

Juliette Ghatradyal serves the tea in the holding area of the hospital.

Doctor Joshi works regularly with us during our pediatric camps.

Auscultation of a young patient. Under the friendly and professional look of Doctor Gojnr which distributes drugs.

Drugs installation and banner of the camp.

Growth monitoring and early detection of infant defects.

Games and smiles with "Sushila Mdam Best Friend".
